## Partner's in Community Action!

We believe strong communities are built when people, churches, businesses, and neighbors come together with a shared purpose. A thriving community doesn't happen by chance—it grows when individuals and organizations commit to working side by side for something bigger than themselves. At One-STOP Property Solutions, we extend our hands and resources beyond property care because we see every project as an opportunity to strengthen connections, restore pride, and create spaces where people feel valued. Whether it's lending support to a neighborhood clean-up, partnering with a local church outreach, or joining forces with businesses and nonprofits, we stand ready to support meaningful volunteer projects that uplift our local neighborhoods. More than a one-time effort, our vision is to build a legacy of service that future generations can inherit—a lasting mark of unity, sustainability, and community pride.

# How to get involved...

If you represent a church, corporation, nonprofit, HOA, or local community group, we welcome your request for assistance or collaboration. Here's how the process works:

1. Visit the Contact Us page – Use our form to provide your name, organization, and the best way to reach you.
2. Describe your project – Share details about the type of service needed, the size of your group, and the community impact you envision.
3. Scheduling a Conference – Once we review your request, our team will reach out to schedule a conference call or meeting. This allows us to align resources, timelines, and expectations.
4. Set Clear Goals – We'll work with you to outline what success looks like—whether it's beautifying a space, supporting a special event, or contributing labor to a cause.

## Summer Highlights

# Guidelines to keep in mind

To ensure every project is handled with excellence and fairness, we ask that requests follow these simple rules:

- ✓ Projects must serve the greater good of the community.
- ✓ Requests should be submitted at least 30 days in advance of your preferred project date.
- ✓ Please provide as much detail as possible—scope, expected number of volunteers, materials needed—so we can prepare effectively.
- ✓ Final approval of projects will depend on scheduling availability, resources, and community impact.

## Why Partner with us

- When you collaborate with One-STOP Property Solutions, you gain more than manpower—you gain a partner committed to leaving lasting positive change. Our goal is not just to show up, but to create impact that ripples forward: cleaner spaces, stronger relationships, and communities that thrive.
-  Ready to start? Head over to our Contact Us page on our website at <https://www.One-Stoppropertyolutions.com> and submit your request today. Together, we can make a difference—one project at a time.
